

No Favours Policy

At The Youth Group, we have a number of founding principles that drive us and allow us to continue our mission of improving the odds for young people across the globe. One of these key principles is that we focus on the young person first; everything we do is to support them.

For this reason, The Youth Group cannot offer access to our database of young people, or our partnership connections, if there is not an agreed partnership in place, which brings benefit both to the company and to the youth we support. We will never allow The Youth Group's assets to be used solely for the benefit of an individual, business, or organization. Furthermore, The Youth Group will not accept gifts in return for favours of any kind.

If you are interested in the work we do at The Youth Group, please get in touch with us and we can establish a relationship that will be both beneficial to you and to The Youth Group's goals.
